Comments.

- (1) Probably the last grain shuttle trains operating between the U.S.S.R. and the Soviet Zone of Germany.
- (2) These damaged freight cars definitely are part of the 20,000 German railroad cars returned from the U.S.S.R. to the Soviet Zone of Germany. The operation is scheduled to be completed by the end of this year.
- (3) Presumably refrigerator cars operating between the U.S.S.R. and the Soviet Zone of Germany.
